SUPPLIES NEEDED

- (1) Gallon size Zip-Lock bag
- (1) Plastic backed medical drape or disposable underpad (chux)
- (1) Quality single-edge razor blade (wrapped to maintain sterile quality)
- (2) Pieces - 10" - 12" of ½" umbilical tape (order online in 100 yard roll for a group project and it can be ordered from a veterinarian supply site).
- (1) Pair medium size exam gloves
- (1) Bar of soap (hotel size is okay)
- (1) Travel size liquid hand sanitizer
- (8) Alcohol prep pads
- (4) 2" x 2" wrapped, sterile 4-ply gauze squares
- (1) Piece of cloth 18"-22" long and 3"-4" wide.
(used as a binder to hold the gauze in place)
They cut up sheets.
- (2) Safety pins to hold the binder
- (3) Sanitary napkins for mother
- (1) Receiving blanket for baby
- (1) NB or 0-3 months onesie for baby
- (1) Newborn baby cap

*Please send a suggested donation of
\$2 per kit to help with shipping to Haiti.*
