

HELLO FROM HAITI

August 2009

MESI!!!!

THANK YOU!!!!

Isaiah 58: 6-7

I want you to remove the sinful chains, to tear away the ropes of the burdensome yoke, to set free the oppressed, and to break every burdensome yoke. I want you to share your food with the hungry and to provide shelter for homeless, oppressed people. When you see someone naked, clothe him! Don't turn your back on your own flesh and blood!

YOU DID IT!!! With your help, we were able to purchase a heavy duty, 4x4 Toyota truck to help with the mission work in Haiti. This has been a need for about 7 years and we are so happy that our goal was finally met. We would like to thank Hickory Grove Church in Delphi, IN for all of their help, fund raising efforts, hope, encouragement, finances, and support in this project. They visited in Jan-Feb 2008 and experienced this need first hand. After some truck breakdowns and transportation worries, the need was evident to them. On the flight back to the US, God put this truck project on their heart and they followed his leading. With the help of so many of you, we have reliable transportation for us, visitors,

and patients. We are able to purchase needed medications, supplies, and food in Port-au-Prince and haul them to our location here in Cazale. We can run errands and visit other missionaries. We can pick up mail and boxes sent from the USA. We can pick up donated humanitarian aid and supplies. This truck is bigger and can carry more supplies than our last one. We are sure that this will be a great help for years to come.

We will be able to build a security cage on the back and have other features to ensure long use for years to come. A HUGE THANKS to so many of you for helping us reach this goal!! We can only reach others here in Haiti with your help. It is wonderful to know that we have great supporters and faithful prayer partners.

OUR GOAL WAS MET!!

GVADK COMMUNITY DEVELOPMENT GROUP

SEWING CLASS

The sewing class is done with the second year and have voted to continue on for one more year to learn additional skills. Many are sewing school uniforms and other clothes to provide extra income for their families. A donation of \$65.00 per month will sponsor this class. They are in need of a serger machine. Thanks to Pat C. for the sewing tools and materials in a nice plastic tote for each student.

OUTHOUSES

Five more outhouses were donated and are being built. Four locations were built for a total of 14 households. One outhouse will be for a school & church. This will serve over 400 people. There are 8 more locations on the waiting list. An outhouse can be sponsored for \$450.00. Those that benefit must give land, materials, labor and time totaling \$300.00. The community group donates their time, labor, and skills to build them.

SUPPLY SEMI Spring 2009

We are so excited to have the opportunity to ship a semi trailer by boat to Haiti. We have made great contacts over the years and are able to bring in wonderful, needed items to help and bless the Haitian people and to continue the work here. We don't want to let this opportunity pass us by, so we need your help! We need help sorting, packing, and loading the semi. We need people to donate items. We need people to get the word out, get others excited, and gather supplies to bring to the storage units. We need people to send funds to help ship the semi trailer by road, train, and boat to get to Haiti. You, your Sunday School class, your small group could sponsor a pallet full of needed items to be shipped down to Haiti. So, sponsor a pallet to provide supplies for the coming year. There are 40 pallets that need to be sponsored for \$250 each. This will cover the \$10,000 needed to ship the semi.

WHY I GIVE.... "my talents"

I visited Haiti for the first time in March 2009 during my final semester of Nursing School. When I saw what God was doing in Cazale at Real Hope For Haiti, something just clicked. They take care of sick people, and I know how to do that. So how could I get involved? As college graduation approached, I really started praying about the next chapter of my life, and I sensed that God was urging me to consider coming back to Haiti. I have been blessed with an education and God has equipped me with skills as a nurse, so how could I not use those to bless the people of Haiti? My two months here have been incredibly rewarding and God is teaching me what it means to give everything I have to see His Kingdom come in Haiti. I pray you will consider what more you can so to get involved with Real Hope For Haiti, because God is waiting to use you. Get in the game!

THANKS FOR ALL OF YOUR HELP !!!

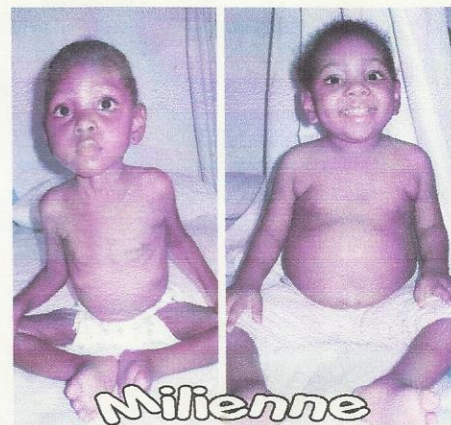

Rescue Center Kids

The Rescue Center is a 24/7 inpatient care facility that provides **free** care, medications, and food for children and adults in crisis, life-threatening situations. We depend on your donations and prayers to continue this ministry. Please consider sponsoring a child for **\$100/month** to save a child like one of these.....
