

## PRAYER REQUESTS

The most significant action you can take for the sake of history is to be an intercessor. By so doing, you will pray through spiritual issues in the heavenlies that will determine the history of nations on earth.

-Derek Prince (Pulling Down Strongholds)

Thank you for your prayers for RHFH and Haiti. We are encouraged by and grateful for your support and intercession. A spiritual battle is being fought. Satan doesn't want God's kingdom to advance here in Haiti and he is doing everything to stop it. We know God is more powerful! We need your prayer covering to fight this battle effectively. Thank you for lifting us up in prayer. May God's will be done!
