

RHFH PRAYER REQUESTS

"In His name all oppression shall cease."

-Lyric from 'O Holy Night'

Prayer requests from patients at clinic:

1. L.E. seeks prayer for healing from aching bones and chronic pain.
2. R.L. asks for prayer that he would be healed from problems related to a swollen prostate, making it difficult to urinate.
3. T.D. needs us to lift him up to the Lord in prayer as he is vomiting and unable to eat, having diarrhea and an upset stomach.
4. A.J. is a lady who is in poor health and wants intercession that God would strengthen her body and give her sound health so she can function as she needs to in life.
5. N.M. requests prayer for complications of diabetes, that God would heal her from the sickness and prevent and protect her from complications.
6. F.M. needs our prayers and support as she is suffering from breast cancer and asks we agree with her in prayer for divine intervention for healing.
7. P.T. asks for prayers that she can remain strong and advance in her relationship with Christ as she has recently repented and returned to faith.
8. S.L.M. recently converted to faith in Jesus Christ and would appreciate prayer her faith would be firmly established and strengthened.
9. S.M. would be grateful for prayer that her love for God would increase and she would resolve to follow Christ wherever He leads her.

Prayer requests for our work:

11. Pray for peace in Haiti as violence and kidnappings have risen in Haiti in the past month. Pray for our staff as they navigate around hot spots to take patients to appointments, secure medications, medika mamba, and other supplies.
12. Pray for the organization to find a pathway to move forward with some accreditation with the Haitian Health Department and the Haitian government in general. There are several aspects of compliance with the Haitian government that are unclear and we are receiving contradictory information, so pray we find some clarity and can make progress.
13. Pray for the Denton Program that is run by the USA Department of Defense where they bring humanitarian supplies to Haiti free of charge and clear of customs. Some Haitian officials have created difficulties in allowing that program to continue, so agree with us in prayer that those working to resolve the situation will have success and that avenue to get much needed supplies will remain open to us.
14. Pray for our chaplains and everyone in our staff to continue to shine the light of Christ brightly and we see a greater harvest of souls in 2021 of transformed lives and hearts of stones becoming hearts of flesh.
15. Pray for us as we develop new facilities on the new land. That we would have a clear and unified vision and that it would be a means by which God would receive much glory and the impact Real Hope for Haiti is making would continue to grow and become increasingly sustainable in our own space.

Ways you can pray for our missionary staff:

16. Pray for Licia, Ameyah, and Henley as they will travel to Indiana at the end of December to help situate Henley with some lifelong family friends to finish up his last semester of high school in the USA.
17. Pray for the Casey & Briana and family as they travel to WA for a few weeks of rest with Briana's family.
18. Pray for Lori & Charly as they remain in Haiti, for God's protection and strength to carry on the work as other staff are in the USA.
19. Pray for Zach & Lorraine as they support the work from MN, helping do many critical tasks that help continue the flow of medical supplies and other necessities we need to continue to serve the volume of patients we do.
20. Pray for Miss Anna as she continues to remain in Alabama and support her extended family in this season of life. Pray God continue to bless her and be near to her as she continues to relentlessly support us and the kids here at Real Hope Academy even in her absence.

Thankful that you, as brothers and sisters, pray for us, so don't forget to let us pray for you by emailing us at prayer@realhopeforhaiti.org.
