10. J.E. is a man who wants prayer for healing and good management of his hypertension and upper gastric pain.
11. M.G. and A.M. both asked for prayer that they would remain faithful and grow in Christ as they are currently very discouraged in life.
12. D.T. and Y.P. are newer admits in the RC that have severe malnutrition and need the strong hand of God to touch them and restore them to proper weight and health.

## **Prayer requests for our work:**

13. We are grateful for all prayers offered up for those suffering from the effects of the earthquake in southern Haiti. We felt it strong in Cazale, but thanks be to God no injuries. We sent essential medical supplies and tents with various organizations working there to support relief efforts. Continue to pray as the injured recover, people mourn the loss of family/ friends, and rebuilding in those communities begins.
14. Please continue to pray for justice to be brought to those who participated in the assassination of President Moise. Investigations are ongoing. Pray for peace and security to return to the country and for elections to be conducted in a timely manner.
15. We grieve that so many are suffering in Afghanistan. Let us lift up everyone there during this difficult and uncertain time. Pray for churches and Christians to have courage and be strong witness for Christ.
16. Please pray for open minds and receptive hearts as we continue to develop health education for our staff and patients.
17. Please lift up two long term visitors who will be coming this Fall. A nurse named Alaina arrives early Sept and will be assisting us until the end of Oct. Abigail is another young lady who will be coming in mid September and lending a hand until December.
18. Pray for continued development of our building projects. The staff houses are close to completion, we continue working on delivering water to the new land, building garage/depot, and revamping the former CTC to house the Clinic/ RC.

## **Ways you can pray for our missionary staff:**

19. Please pray for the Betor family, who are undergoing major transitions. Licia is currently in the USA setting up one son for his freshman year of college and another in his senior year of high school. Her and her daughter will return to Haiti in September. Pray the boys settle in nicely and God would honor their efforts and give them a wonderful school year. Pray the Lord surrounds them with strong friends, opens doors for them, and blesses them in all they do.
20. Please pray for the Moise family to continue to have good health and strength to continue serving the Lord here and doing all He had called them to do.
21. Pray for our newest foreign staff member, Katrina, who is doing a fantastic job managing our pharmacy and health education. Pray for her to continue to grow in her language acquisition and to trust the Lord day by day as she adjusts to life and ministry in Haiti.
22. Pray for the Zachary family as they travel back to WA in September to retrieve their children who have spent the summer with grandparents. Briana will remain in WA to study for and take her Internal Medicine Board re-certification that is required every 10 years. Pray for a productive study time and success on October 20. Casey and the kids will return to Haiti in late September. Pray the kids would adjust well back to Haiti and gear up for another awesome school year.
