Prayer Requests for Our Work:

- Pray for God's provision, that we can find the medicines, food, and supplies we need and safely transport them to Cazale.
 - Pray for the Haitian National Police, who continue extremely challenging work in reclaiming ground from gangs and restoring security. They have a recruiting test on June 4. Pray brave citizens would respond and they can increase their ranks for this dangerous task.
 - Pray for the political leadership in Haiti to decide on and clearly communicate a pathway toward elections. There are currently no elected officials in Haiti.
 - Pray for those involved in these gangs to repent and change their lives. Pray God touch them through the Spirit's conviction, through dreams, evangelistic efforts, or any means to shake their conscience and change their hearts.
 - Pray for the displaced families we are helping here in Cazale. There were 22 families at the first space we helped, but community leaders have shown us several other areas that have large numbers of families/ people. Our staff is working to evaluate their needs and support them this month. Pray peace would be established and they could be restored to their homes.
 - Pray for the malnutrition we are seeing due to food insecurity. Pray our outpatient program continues to intervene in the lives of these precious little ones with medika mamba or AK-1000 that will provide the nutrients they need to recover. Also pray for those who are severely malnourished and require inpatient care, that treatment will work and they will grow healthy and happy.
