## Prayer Requests for Our Work:

- Pray for an international effort to stabilize Haiti, led by Kenya, Jamaica, and the Bahamas. Pray for peace to return throughout Haiti, especially Port au Prince, which continues to be ravaged by gang violence. A recent UN report estimates over 2,400 people have been killed by gang violence in Haiti in 2023 alone. Merciful God! Protect the innocent.
- Pray for two children currently in our Rescue center who are healthy and recovered and do not have a family which to return. Pray we can locate a family in our area to care for them as a part of our Hope Homes program.
- Pray for continued mercy, guidance, and discernment in traveling within Haiti and locating supplies essential for effective programs.
- Pray for the children we will be sending to school this year through the generosity of many sponsors. Insecurity has disrupted the educational system multiple times in the last 4-5 years. Pray for a complete year so that these young people can learn and grow and prepare themselves for a brighter future.
- Pray for families throughout our community. The last year has been especially challenging, and margins are very thin. Pray for provision they will be able to have the means by which to send their children to school, and not abandon their education because of lack of economic resources.
- Pray for wisdom in the beginning phases of talking through a new clinic/ hospital design with an architectural firm.
- Pray for our vehicles and heavy equipment to hold up during the rainy season and the treacherous roads they endure.
