

PRAYERS UP!

*"We have to pray with our eyes on God and not on our difficulties."
-Oswald Chambers*

Prayer Requests of Patients:

- An expecting mother, M.J., asks for prayer to have a safe delivery and a healthy baby.
- J.B.N. asks for prayer to find a change in life that would provide more for her and her family, as they are in a particularly difficult season of life.
- D.E. asks for prayer as he senses he is under an attack from Satan and wants fellow believers to join with him in prayer for deliverance.
- A.T. requests pray as he is dealing with chronic pain and would like mercy from God in the form of healing.
- J.H. and B.S. also asked for prayer for safe deliveries and healthy babies as well, after following in our pre-natal program.
- R.J.V. asks for prayer that God would establish him and help him grow as a new believer and follower of Jesus.
- F.E. needs prayer for chest pain and desires healing, by the grace of God.
- A young lady named J.M. is suffering from headaches and a lingering fever and desires prayer God would heal her and restore her health.

Prayer Requests for Our Work:

- Thank you for your prayers regarding the spike in rabies we were seeing in Cazale. The efforts to vaccinate dogs appears to be successful, as we have seen a sharp decrease in dog bites this month. Praise God!
- Continued prayers are appreciated for our CTC patients and staff as we endure the most recent spike. God has been merciful in providing for this program in the past, and we ask you join us in prayer for Him to continuing to strengthen our staff and heal our patients.
- Pray for us as we continue to interview possible families and place the remaining children we have in our care that need a home in our Hope Homes program.
- Pray for continued protection for our patients and staff as they travel out of Cazale for referral treatments and gathering supplies. Haiti remains quite volatile. Please continue to pray the violence will stay far away from our community of Cazale.
- Pray for those in our Friday feeding program, both outpatient malnutrition for children as well as our support of the blind and elderly in our community. The past year+ has been incredibly challenging for everyone in Haiti, but these vulnerable people especially need prayer for the nearness of God and His continued provision.
- Please pray for all the Rescue Center children who have successfully been rehabilitated in our in-patient program. Pray God would equip their parents and caregivers in the important work of their development and continued health.
- Pray for 3 medical students RHFH was able to support and sponsor in their last year of medical school here in Haiti, through the kindness of a donor foundation committed to helping strengthen the Haitian medical system. Pray the Lord would build their knowledge base and confidence and prepare them to impact Haiti in significant ways.
- Pray for the children RHFH is able to sponsor in local schools thanks to the generosity of our donors. Pray as they return from Christmas break, these precious students will have a productive Spring semester and our area will remain peaceful, allowing them to complete the school year on time.

Prayer Requests for Our Missionaries:

- Pray for Licia Betor as she travels from Indiana at the end of December and will be in Haiti for 4-6 weeks. She has been away from Cazale for some months in Indiana and is excited to reconnect with many staff and patients (and her sister Lori!) God has been good in allowing us to have reliable internet here in Haiti and enable Licia to continue to participate and contribute even while in Indiana to her life's work here in Haiti.
- Pray for Anna, Abigail, and the Zachary family as they prepare to return to Haiti in early January. All our foreign staff are traveling via Cap Haitien, which has been our safest option for the last 6 months. Pray it remains that way.
- Pray for our board, as we look to add new members in the new year. Pray for continued wisdom and guidance as we seek to build for the future of RHFH.

We are grateful for your prayers and would appreciate the opportunity to lift you up to the Lord during our Wednesday night devotions. Please send your requests to prayer@realhopeforhaiti.org.
May Jesus be huge in your life!
