

PRAYERS UP!

MAR
2024

Patients

- Pray for P.V. for relief of pain and healing from knee problems.
- Pray for G.F. who is recovering from a gun shot wound from a gang attack. Pray for complete healing and mobility.
- Pray for O.G. who suffered burns after falling into a fire while fleeing a gang attack. Pray our staff can tend to her burn wounds, that treatment would work to heal, and that God responds with deliverance and healing during this tumultuous time in her life.
- Pray for V.R. to respond to medications to recover from a fever that has plagued her, per her mother's request.
- Pray for R.K. who is a mother that recently lost her child. Pray God's nearness would comfort her and her family enduring great loss.
- Pray for D.F. who has issues with his heart and desires a healing touch from God to restore his health.
- Pray for S.J.S.L. who senses Satan attacking him and seeks deliverance by God from demonic powers.
- Pray for I.P. who is experiencing debilitating back pain and wants prayer for treatments to work, pain to diminish, and for wholeness again.
- Pray for B.D.G. who has fever and a cold, as does everyone in his house, and wants healing from Jesus, for him and his entire household.

Our Work

- Pray for wisdom, strength, and compassion for our staff. With other clinics closing, and many displaced, we are seeing an increase in acute cases and chronic disease with patients who essentially have nothing after fleeing their homes. Pray God would provide our staff with clear communication and sound clinical judgement for diagnosis and treatment. Pray God would continue to provide the access to medications needed to dispense to our patients.
- The Prime Minister submitted his resignation in March, contingent upon the establishment of a Presidential Council. There have been many obstacles along the way, and not much actual progress has been made to move forward with new leadership. The gangs have escalated their violence, particularly in the capital of Port au Prince. Pray for wise, humble, considerate leaders would emerge and communicate a clear vision moving forward.
- Pray for God's mercy and peace to abound in Haiti. Each month it seems many Haitians are to their breaking point, and each month the situation seems to further deteriorate. Pray churches can continue to be bright lights and that all believers in Haiti could represent Christ well in pointing others to the hope that is found in Him.
- Continue to pray for our staff as they travel around Haiti to purchase supplies and to transport patients. God has heard your prayer thus far and been very gracious in protecting us all along the way.

Our Work

- Pray for us, as we have had a few staff receive their paperwork to travel to the US on the humanitarian parole program. Pray the Lord bless and provide for them as they go, and pray God would provide us with committed and competent staff to replace them.
- Pray prayers of thanksgiving for the Lord connecting us with so many faithful and generous partners like you, who stick with us and the people of Haiti through tough times. Food and fuel prices have soared, medication prices have gone up, transportation has become complicated, and because of the kindness of our supporters, we have so far had the resources we need to rise to whatever challenge, meet significant needs, and pivot to different solutions to ever emerging problems. Pray prayers of praise because we are extremely grateful!

Our Missionaries

- Pray for the Zachary children, Deanna, and Abigail as they adjust after evacuating Haiti on March 21st. Pray blessings on MFI for flying them out to safety.
- Pray for Casey and Briana and their children, as they are separated from them during this season.
- Pray for Charly, who got stuck in FL when the airports shut down. He is attempting to return to Haiti and rejoin the team in early April.
- Pray for Lori, Briana, and Casey as they remain in Cazale, that God would sustain them and empower them for such a time as this.
- Pray for each of us to be diligent in filling ourselves up with God's Word and connecting with Him in prayer, because we are all somewhat maxed out. We are thankful that in our weakness, His strength is made perfect.
- Pray for our communication as a staff, as we try to address problems, coordinate fundraising and supplies, and lead our staff from various locations across the US and Haiti. (And thank God for dependable Starlink Internet that makes it possible!)

We are grateful for your prayers and would appreciate the opportunity to lift you up to the Lord during our Wednesday night devotions. Please send your requests to prayer@realhopeforhaiti.org. May Jesus be huge in your life!
