## Patients

- Pray for C.N. who is 5 months pregnant and having some complications, and desires healing, a safe delivery, and a healthy baby.
- Pray for O.P. who injured his foot in a moto accident and wants healing so he can return to work.
- Pray for O.A. who suffers from chronic diseases of high blood pressure and diabetes. Pray they can make lifestyle changes and be diligent in taking medications to prevent complications and provide a better quality of life.
- Pray for J.J., who is a young man that is unfortunately paralyzed and cannot walk. It is his dream to be healed and walk again and ask you agree with him in prayer that it may be so.
- Pray for E.S. who has severe rash and asks for prayer for relief of the pain and discomfort.
- Pray for V.F.A. who is having increased difficulty breathing, that she might be healed and restored to full health.
- Pray for E.S. as well as L.E., both of whom are young ladies who sense attacks from Satan and request prayer that they can be delivered from demonic oppression.
- Pray for M.C. who has swelling in her abdomen and seeks healing and wholeness of health.
- Pray for C.P. who is an RC admit who is three months old and suffering from acute malnutrition. She has a fever that is not responding or relenting to medication. Pray God might break that fever by His Mighty Power and that her body could become strong enough to heal and grow and thrive and be rejoined with her family.

## Our Work

- Pray for the preparations for the base for the Kenyan led international coalition force that is set for deployment sometime in June.
- Pray we can find helpful and willing employees to replace some staff we lost to President Biden's parole program in the month of May.
- Pray for three medical students being sponsored through RHFH. Each are in their final year of medical school, and because of the shortages of physicians in country, are enduring grueling, demanding schedules.
- Pray for our board and staff as they are working to strengthen the organization long term through strategic planning, developing a succession plan, and engaging in an external audit.

## Our Work

- Pray for God's continued Power, Protection, and Provision as we navigate these difficult days in Haiti. We would be increasingly discouraged if not for the nearly constant reminders that God is right here by our side and working mightily.
- Pray for our patients needing HIV, TB, and psych treatments that require travel to larger regional facilities, and that those facilities would continue to have access to those life preserving medications.
- Pray for our staff to have wisdom and discernment, as June tends to be one of our busiest months for admissions for inpatient malnutrition treatment, due to it being at the tail end of planting season.

## Our Missionaries

- Pray prayers of Thanksgiving as Miss Anna and our missionary kids completed another successful year at RHA! Pray for her as she travels to Alabama in June to spend time with her family prior to returning to Haiti to begin the Fall semester.
- Pray for Casey and Briana as they travel to Davy and Natalie's funeral, then up to WA state to rejoin their kids, before returning to Haiti next month.
- Pray for Lori and Charly as they have much to manage, being the only missionaries remaining in Cazale in June.
- Pray for Abigail as she attends a conference in Nashville that will equip us with increased understanding and additional tools to help the children we serve.
- Pray for Licia as she continues to work towards making the rescue center the best it can be, while being an incredible support and encouragement to her staff along the way. Pray for her family, as Ameyah is visiting family out of state during her summer break and Trey recently started a new job.
