

PRAYERS UP!

JUNE
2024

Patients

- L.M.M. is struggling with discouragement as the county of Haiti has many problems, and she does not see much hope for a brighter future. Pray God would make a way where there doesn't seem to be a way and bring stability and peace back to Haiti.
- S.C. is a man suffering with a wound on his foot and faithfully coming to clinic for bandage changes and treatment daily. Pray God would bring healing and full recovery for him.
- F.J.P is a pregnant patient who requests prayer for a safe delivery and a healthy baby.
- B.A.J.H. is anemic and lacks the basic necessities to support his life. Please pray God would strengthen him and provide for his needs moving forward.
- A.J. is a patient who has high blood pressure and some digestive issues that are significantly impacting her quality of life. Pray Jesus might intervene in her life and bring full healing and restoration.
- G.L is a lady who is enduring a very uncomfortable rash and itching. She asks for prayer for healing as well as for relief from issues related to heartburn.
- O.A. is a diabetic man who would like for you to agree with him in prayer for healing as well as discipline to follow doctors' orders and prevent complications from the disease.
- G.V. is a young boy suffering from malnutrition for the past year. Pray our staff could educate the parents, medika mamba would strengthen the child, and the love of Christ might comfort him and help him recover fully and develop normally.
- J.J. is an older lady who asks you to lift her up in prayer as she has pain throughout her body and is blind as well. Pray God would be near to her and in His Mercy, show her His healing power and His comfort.
- Please pray for F. who is an amputee we helped some years ago. He lost his business to gang violence in March. He needs a new prosthetic, but requires a surgery for revision prior to having another one made. Please pray the operation is successful and the arrangements made for a new prosthesis will follow through during these uncertain times in Haiti. Pray God might use this opportunity to encourage F.'s heart and remind him of God's love as he has endured much loss.

Our Work

- Continue to pray for the Lloyd, Baker, and Montis families, as they buried beloved members of their families in June, after Davy, Natalie, and Jude were killed in an attack. Pray for Missions in Haiti, as they were forced to relocate the 36 children in their orphanage after the attack. We are thankful the people of God have surrounded them, and God has encouraged them in the incredibly difficult time. Please pray for continued comfort, healing, and discernment in the weeks and months to come.
- Pray prayers of thanksgiving as after months and months of preparations, the first contingent of Kenyan police arrived in Haiti in late June and are beginning to support the Haitian National Police in securing and stabilizing the country.
- Please pray the efforts of the Kenyans and Haitian police will be successful. Pray the gangs would lay down their weapons, repent, and allow the nation to begin to heal and recover.

Our Work

- Pray for the many gardens that were planted this year would grow and yield a mighty harvest to provide for and sustain lives in our communities. Food insecurity continues to be an issue, and we have seen people planting crops in places we have never seen before because the times are desperate.
- Pray for us as we are losing some key staff members to President Biden's Parole program. Pray God would open doors for these employees as they arrive in the USA. Also pray God would provide us with competent and committed replacements to provide great continuity of care for the patients we serve.
- Pray God's protection over Haiti as the hurricane season has started. Each storm has the capacity to cause significant damage and loss of life. Pray God would show mercy and protect Haiti and her people.

- Pray for the new Prime Minister Garry Conille as he attempts to form a capable government and restore order to the country. Pray God would grant him wisdom. Pray for the new Police Chief in Haiti, Normil Rameau, who has a very difficult job to do, in very trying times, and in a very challenging context.
- Pray corruption that has so long plagued Haiti would be uprooted, and solid, Christian leaders would emerge to lead Haiti forward to a brighter future.

Our Missionaries

- Pray for the Zachary family, as they are reunited again in Washington State. Pray especially for their son Isaiah, as he will have a thyroidectomy in early August.
- Pray for Lori and Charly, as they are currently the only foreign staff remaining in Haiti. Pray for their protection, as well as for strength to persevere as so much is on their shoulders at present.
- Pray for Abigail as she makes decisions about furthering her education, acquiring additional skills to help her better serve the people of Cazale. Pray for financial aid as well as open doors to get her into the right program in the right place.

We are grateful for your prayers and would appreciate the opportunity to lift you up to the Lord during our Wednesday night devotions. Please send your requests to prayer@realhopeforhaiti.org. May Jesus be huge in your life!
