

PRAYERS UP!

DECEMBER
2024

Patients

- Pray for D.G. who suffers from hypertension and diabetes.
- Pray for J.L. who needs work to be able to provide for himself and his family.
- Pray for J.B.R. who is a prenatal patient of ours, desiring a safe delivery and a healthy baby.
- Pray for L.F.A. who struggles to find basic life necessities and asks the God would help provide for her and improve her economic situation.
- Pray for S.E. who cut his foot badly. Pray for quick healing and speedy recovery.
- Pray for D.W. who is battling fever and the effects of malaria.
- Pray for R.M.J. who is very discouraged with these difficult times in Haiti and wants God to make a pathway for a better future for her and her family.
- Pray for the new admits to the Rescue Center, that they would respond to treatment and their fragile bodies would begin to recover. Pray for the families of the children in our care as well, that they would make the necessary changes and prioritize continuing to care well for the child when they return home.
- Pray for our HIV+ and TB patients, that they would find access to the medicines they need for care in the midst of the current crisis in Haiti that makes delivery of these life preserving medications increasingly difficult and unreliable.
- Pray for D.L. as he continues to recover from a medical procedure and gets accustomed to a new way of feeding. Pray it would result in him gaining weight and developing as a young child as God intended.

Our Work

- Pray for the entire community of Cazale as gangs have begun to come into the village and cause problems. There has not been bloodshed, but the gang has stolen vehicles and property. The gang has not harassed Real Hope for Haiti as of yet, nor our patients as they come and go. However, the presence of gang members in our village is unsettling and merits much prayer.
- Pray for a new Haitian doctor that recently signed a 3 month contract with us. This appears to be a sweet mercy from our God to provide for our needs while our US physician, Briana, is in the US. This Haitian doctor has been displaced due to the current crisis and found himself in Cazale, and we are grateful to have him on our team during this season.
- Pray for our community development group, GVADK, which is ramping up activities and refocusing on serving and strengthening the local community.
- Pray for our staff. Many of them take their vacations during the end of December. (They get 2 weeks off per year.) This has been an extremely taxing year for them with the current state of Haiti. Pray their time off would be refreshing and restore their strength and grant them some much needed and much deserved rest. We are thankful to have dedicated staff with such grit and determination.

- Pray for contingency plans being put together in case an escalation of violence or threat of violence forces us to evacuate the children in the Rescue Center.
 - As the current crisis stretches into its third year, many missionaries have been displaced and forced to live outside of Haiti for long periods of time. Many of our missionary friends are discouraged, their efforts to hold their ministries together from a distance are showing signs of strain and fragmentation. When Haiti stabilizes, we need these missionaries back and investing and building towards the future. Pray God would strengthen their hearts and provide for their needs and birth a vision for the future.

- Pray for Charly and Lori as they celebrate 21 years of marriage on December 13. Also pray deep strength for them as they remain in Haiti carrying heavy burdens and working tirelessly.
- Pray for Licia as she wraps up her 2 month long visit to Haiti and returns to her family in Indiana in December.
- Pray for Casey and Briana as they depart Haiti and rejoin their kids in Washington state for a time after being apart since August.
- Pray for Abigail as she completes her first full term at college. Pray God give her perseverance in gaining knowledge and for continues direction in God's will for her future.

"BY THIS THE LOVE OF GOD WAS MANIFESTED IN US, THAT GOD HAS SENT HIS ONLY BEGOTTEN SON INTO THE WORLD SO THAT WE MIGHT LIVE THROUGH HIM."

1 JOHN 4:9
