

PRAYERS UP!

JULY
2025

Patients

- N.J. requests prayer for healing from stomach pain.
- T.D. asks for prayer for protection and encouragement from God as she feels under threat.
- J.F. is a young man who needs prayer for a skin condition that is causing him significant itching and discomfort. Pray that medications work well and he heals quickly.
- D.A. is a lady who has sores all over her body and fever. She wants prayer for complete recovery.
- M.E.R. desires prayer that God would heal her high blood pressure.
- S.F. is a young man who would like prayer that God would provide stable work for him to sustain himself and his family.
- C.E. injured his back and has debilitating pain. He requests prayer that God would be gracious to remove the pain and strengthen him.
- M.D. is a young mother asking for prayer that God would help her to raise her children in the things of God and to see Jesus work in their lives.
- P.F.M. is a young person who needs prayer because she is scared of the threats all around her and desires protection and deliverance from God.

Our Work

- Pray for efforts to gain approval for a higher level of authorization for our medical clinic. Staff have been working diligently on this and have had some promising meetings with officials in the last month.
- Pray for continued strength, protection, and wisdom for our staff in Haiti. We had had some continued minor theft by the gang at our CTC, but no issues at clinic or violence in Cazale.
- Pray for renewed efforts with the community group GVADK, as we are building a small building on the new property to restart our tree nursery and continue investing in the community of Cazale as God enables, even in this difficult season.
- Pray for our oxygen concentrators and other medical devices to hold up and keep functioning properly. It is very difficult to ship anything right now, and these machines save many lives. The biotech professional we used to repair machines fled to the north of Haiti. Since we cannot drive there anymore with our vehicles, we need extra grace from God for these machines to not break.
- Pray for Real Hope for Haiti annual board meeting that will happen in August. Pray for a potential new board member that will join the team and strengthen it. Pray for strategic vision and wisdom along the way for our board as a whole.

Our Work

- Pray for peace to return to Haiti and that evil would not prosper. Pray God would change the hearts of those hurting the country, that God would restrain violence, gang activity, and any corruption that is contributing to the insecurity and instability.
- Pray for an end to killings, kidnappings, intimidation, and lawlessness against innocent individuals and communities.
- Pray for the Church and all the followers of Christ to stand tall and shine brightly. Pray for pastors, believers, and other missionaries to have courage and trust God in the midst of these trying times.

- Pray for wisdom for Haitian leaders and international partners. Haiti suffers for weak/ absent government. Pray God would raise up a new generation of leaders with integrity and prioritize the good and future of Haiti's citizens.
- Pray for God's provision and protection to be sufficient for those suffering in Haiti. Pray for food, clean water, and medical care be available for those hungry and sick, especially for those who have been displaced or orphaned due to violence.

Our Missionaries

- Pray God's blessings on Casey and Briana Zachary as they celebrate 23 years of marriage in July.
- Pray for Lori and Charly as they push to wrap up several projects prior to leaving Haiti for a month's visit in August.
- Pray for the Betor's as Ameyah begins her sophomore year of High School in Indiana in August (and the power duo of Licia and Lori are reunited for a short time!)

PRESENT SUFFERING CANNOT OVERWHELM US WITH FEAR WHEN FUTURE GLORY OVERWHELMS US WITH HOPE!

**Please send your requests to
prayer@realhopeforhaiti.org.
Thank you for your genuine concern, faithful friendship,
and persistent prayers!**
