REAL HOPE FOR HAITI

October 2026

MISSION: TO DELIVER HOPE FOR THIS LIFE AND THE LIFE TO COME THROUGH COMPASSIONATE MEDICAL CARE, QUALITY HEALTH EDUCATION, INTENSIVE MALNUTRITION INTERVENTIONS, ACTIVE COMMUNITY DEVELOPMENT, AND GOSPEL FOCUSED OUTREACH, ALL IN THE LOVE AND NAME OF JESUS.

Kendy is a newborn from Dessables, three hours from our clinic. His young mother had no prenatal care and unexpectedly delivered him into a bucket. When Kendy arrived at our clinic at 2lbs 3oz, he wasn't crying. He was struggling to breathe. His blood glucose was dangerously low at 31 mg/dL, and his oxygen saturation was only 51%. Our emergency team moved fast. His tiny body fought to survive. Thanks to our emergency services, Kendy received life-saving care at the exact moment he needed it. Today, he is breathing on his own, stable, breastfeeding, up to 6lbs 13oz and his parents smile with relief. Your support makes care like this possible.

Seven-year-old Roseberlie arrived at our clinic weighing only 36 pounds with flu and fever. Your donations provided food and medicine. Her mother's dedication kept her coming to appointments and caring for her at home. Together, you transformed her life. Today, she weighs 45 pounds and is thriving.

Seventy-one-year-old Olivier came to our clinic with severe headaches and dizziness. Our doctors diagnosed high blood pressure and gave him Amlodipine from our pharmacy shelves. This medication exists because of you. Olivier couldn't afford it on his own, but your donation made it free and accessible for him. Today, his headaches are gone. He takes his medicine daily and feels better than he has in years. He's living with hope. Your generosity doesn't just buy pills. It saves lives right here in Haiti. Thank you.

Deslourdes (72yrs) is a widow caring for her family alone since her husband passed away. She works hard despite health challenges. At our clinic, everything is free: her monthly medical visits, her blood pressure medication, and now a monthly box of staple foods from our donor-funded program. This small gift means Deslourdes can stretch her limited income to care for her family while managing her health. "Thank you for your kindness and support," she says. Your generosity matters more than you know.

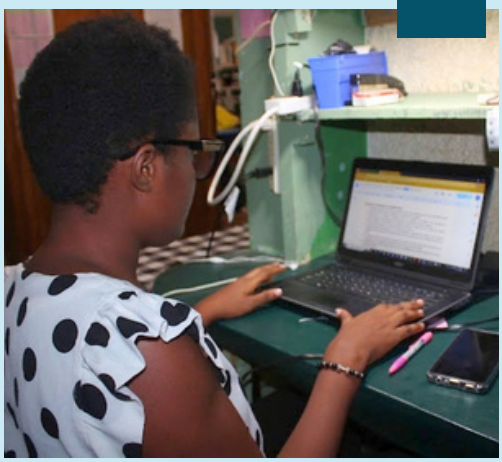

VISION: Physically, relationally, and spiritually healthy people contributing to thriving families and strong communities as God designed and desires.

Tephaby, a 32-month-old little boy, arrived at our clinic in critical condition, suffering from severe acute malnutrition and severe grade 3+ edema. His feet, face, and eyes were so swollen that his eyes were completely closed. He was admitted to our nutrition center, where our team provided daily care, appropriate nutritional support, and close monitoring. After approximately one month of treatment, his condition improved significantly and the swelling completely disappeared. Thanks to the care he received and the generosity of our donors, Tephaby was able to return home in much better health. Thank you for helping make lifesaving care possible for children in need.

Without Real Hope for Haiti, many families would lose an essential source of support that provides not only care, but also hope. Children and families with limited resources would have less access to healthcare, while malnourished children would lose vital nutrition programs. Vulnerable families would also lose the follow-up care and support they depend on. RHFH strengthens the community through education, prevention, and employment opportunities for many people. What makes RHFH truly special is not only the services it provides, but also the trust and hope it has built over years throughout the community, something that would be difficult to replace.

I'm Ismayelee. I participated in a 3 month Bible course on the Gospel of Matthew, and it transformed my spiritual life. Although I grew up Christian, this course revealed deeper truths about God's Word I had never understood before. Each lesson taught me how to live differently with more love, respect, and faith. God's Word became my guide, changing not just how I think but how I act. Your donation made this course possible. Because of your generosity, I'm growing spiritually and becoming a living testimony to God's grace. Thank you for investing in spiritual transformation.
