

PRAYERS UP!

SEPTEMBER
2026

Patients

- Pray for K. who had an amputation earlier this year. Pray his wound will heal up and that the prosthetic he is currently being fitted for and PT will allow him to regain mobility and resume his normal life activities.
- Pray for J.F. who is a cancer patient with needing prayer for healing.
- Pray for C.J. who is an elderly man enduring chronic pain in his back and desires prayer for comfort and healing.
- Pray for D.L. who is going for surgery on his lung and asks we pray for the operation to help him get well.
- Pray for L.J. who is a 6 year old girl that fell on her way to church and needs prayer for her upcoming corrective surgery.
- Pray for D.E. who is a young lady suffering from gastro-intestinal issues and needs prayer for relief and healing.
- Pray for J.V. who is a sick young man who has some areas where his skin is peeling off. He is in great pain and needs a touch from God to deliver him from suffering.
- Pray for N.F. who is having chest pain and asks for prayer for a solution to her health problems.
- Pray for R.M.M. who has the difficult diagnosis of stomach cancer. She is in pain and asks for prayer because she believes God is the only hope she has and does not want to lose her confidence in Him. Let's pray the Lord comforts and strengthens her with the nearness of His Presence.

Our Work

- We are thankful for your prayers for our board meeting in August, held in Indiana. It was a joy for our board members to travel to spend the day together and work towards building a strategic plan moving forward.
- Pray prayers of praise that after some months, we were able to get 100 boxes of medika mamba from the MFK factory in Cap Haitien as well as a few cases of F-75 and F-100 to help the malnourished kids in our care get well and rejoin their families.
- Pray for N.E. who is a third year med school student that has worked with us, and a generous group in sponsoring her education through RHFH. Pray for her protection as she travels to continue her studies, for her to build her knowledge base and skills that will prepare her to serve our patients well in the future.
- Pray for several of our staff who are working on continuing education through Learning for Humanity, getting training in various fields such as health administration, leadership, project management, and nutrition. We also have two staff members who are beginning their second year of a social work training program as they work to serve our Hope Home families.

- Pray for our current community Bible class that is currently in a 12 week study of God's Design for the Family. Pray the truth of God's Word would penetrate hearts and convince people that God desires and designed families to stay together and the hard work required to persevere to ensure it happens is worth it.

- Pray for the upcoming elections on December 13th here in Haiti. After years of delay, elections have been announced, yet the security situation remains tenuous, and many are skeptical whether it will happen. There have been no elections in Haiti since 2016, therefore no fully functional government since even before the president was assassinated in July 2021. Leadership matters, and leadership is needed in this season in Haiti's history. Pray God raises up the right person with the right vision to move this country forward.
- Pray for the newly appointed US Ambassador from the US to Haiti, Austin Holmes. Pray for him to have wisdom and discernment to navigate the current issues impacting Haiti.

- Please continue to pray for Licia Betor as her doctors are trying some new treatments to help her fully recover from her surgery in May. We are thankful the surgery successfully resolved her issues, and we continue to pray she will be fully healed and get back to 100%.
- Pray for Charly Moise as he returns to Haiti this month after a short visit with his family in Florida. Pray for Lori as she keeps on keeping on, doing what the Lord put her on earth to do in Cazale, Haiti.
- Pray for Grace Zachary as she continues to get settled in for her freshman year at Point Loma Nazarene University in San Diego. We are thrilled to report so far it is going awesome.
- Pray prayers of thanksgiving that Briana finally completed her TB treatment in August. Praise the Lord from whom all blessings flow!

**"LET'S NOT GROW WEARY IN WELL DOING, FOR IN DUE SEASON,
WE WILL REAP IF WE FAINT NOT."
GALATIANS 6:9**

**Please send your requests to
prayer@realhopeforhaiti.org.**

It is very good to be loved like true brothers and sisters in Christ that lift us and everyone we serve up before the throne of God. We sense His nearness and are grateful for your prayers.
