RESCUE CENTER

A total of 49 children received care in the Rescue Center this quarter. Sadly, three children died during this period, reminding us of the serious health challenges many of these children face. Throughout the quarter, the team prepared and served 8,190 meals, including 1,038 pieces of chicken and 1,162 cups of beans. We also used 225 bars of soap and provided 5,868 crackers as part of the children's daily nutrition and care. Many of the children continue to make progress as they receive dedicated inpatient care each day. Their strength, weight, and overall health are improving through proper nutrition, medication, and therapy. We are thankful for the Rescue Center and the dedicated staff who continue providing care, nourishment, encouragement, and hope to vulnerable children in need.

CLINIC

There were 6161 patient consultations, including 1,936 children and 583 prenatal visits. Our team performed 2,020 dressing changes and supported 72 births, while 20 new HIV+ cases were identified, allowing us to offer critical care and support. The lab conducted 5,014 tests, ensuring comprehensive diagnostics. Educational sessions focused on key themes like "Exclusive Breastfeeding For Infant Health," "Avoiding Medication Errors," and "Recognizing Early Signs of Dementia." Additionally, we continued supporting 3 university students (1 doctor and 2 social workers) who are committed to joining Real Hope For Haiti after graduation.

HOPE HOMES

The Hope Homes program continues to thrive as we focus on providing quality care and support to children and families. During this past quarter, we conducted 20 home visits, ensuring each child in the program receives the attention and assistance they need. The children enjoyed a wonderful summer break, spending time with family and friends and enjoying time together before returning to school. Now, all of the children are back in school and settling into their new routines. The two social work students have successfully completed their first year of school. It has been wonderful to see both of them thriving, growing in confidence, and making positive changes to the program. We've also updated each child's binder to keep records current and organized.

OTHER

1

SPIRITUAL: There were 353 people who requested special prayer and 1192 who received spiritual counsel. Chaplains distributed 133 pieces of Christian literature.

3

EDUCATION: We have been getting 24 children ready to begin school soon, equipping them with uniforms, books, and all the necessary supplies for a strong start to the year.

2

CONSTRUCTION: Open-air shelters were constructed for patients and Bible classes. Electrical system were strengthened with solar panels and batteries.

4

FORMULA: This past quarter, we provided 81 cans of infant formula to support 16 children who had had no one available to breastfeed them.

THANK YOU!

Your generosity is awesome. Because
you give and pray, families receive care,
find healing, and discover hope. We are
honored to partner with you in this work.
